

Hello Neighbors,

Please make sure when having renovations done in Caswell Dunes check to make sure that your contractor is properly licensed and insured.

We have had neighbors find out in a BAD way that the contractor they are using is not licensed to do business in NC or they do not have insurance in place.

- To confirm they are licensed <https://nclbgc.org/license-search/> you can enter their name, or address and confirm their license is still valid.
- Ask for a Certificate of Insurance showing that they carry Workers Compensation and General Liability insurance.

Respectfully,

Caswell Dunes BOD & LRES
